San Diego Gas & Electric Company, for a Certificate of Public Convenience and Necessity for the Miguel - Mission 230kV #2 Project.

Summary: On February 13, 2004, Lad Lorenz, Vice President of Regulatory Affairs of San Diego Gas & Electric Company (SDG&E), met with William Ahern, Executive Director, and Darwin Farrar, advisor to Cmmr. Lynch, in two separate meetings in San Francisco. Also present was Billy Blattner, CPUC Relations Manager for SDG&E. Blattner explained that the Commission must not allow any further delay in the issuance of the draft environmental impact report and must provide for expedited completion and approval of a licensing decision. Lorenz stated that unless a decision is adopted by June, the in-service date will be pushed back up to another year due to environmental constraints on construction.

Summary: THIS IS AN AUGMENTED NOTICE OF AN EX PARTE COMMUNICATION THAT WAS FILED ON JANUARY 20, 2004, AND APPEARED IN THE CALENDAR OF FEBRUARY 4, 2004. On January 14, 2004, Dr. Michael Alexander, Manager, Natural Gas Regulation, Southern California Edison Company (SCE), met with Cmmr. Kennedy in the all-party meeting in San Francisco. Also present was Brian Prusnek, advisor to Cmmr. Kennedy, and Trina Horner, advisor to Cmmr. Lynch. Dr. Alexander stated that the Comprehensive Settlement Agreement (CSA) was founded on sound economic principles, but that the implementation details were important and stale, implementing the CSA as written now, without consideration for changed circumstances would be the equivalent of giving a patient the medicine for last year's illness instead of for the current problem. Alexander also pointed out that given the lead time for filing an application, implementing the CSA now would not result in significant experience in the design of a successor system. Alexander also pointed out that the current market lacks the liquidity which was a key determinant in the underlying economic theory of the CSA, intended to smooth over the transition costs.

2/20/04 R01-09-001 Order instituting rulemaking on the Commission's own motion to assess and revise the new Regulatory Framework for Pacific Bell and Verizon California Incorporated.

 I01-09-002 Order instituting investigation on the Commission's own motion to assess and revise the New Regulatory Framework for Pacific Bell and Verizon California Incorporated.

Summary: On February 20, 2004, Cynthia Marshall, Senior Vice President – Regulatory and Constituency Relations, Pacific Bell Telephone Company dba SBC California (SBC), met with Cmmr. Wood in San Francisco. Also present were Jonathan Lakritz, advisor to Cmmr. Wood, Yvette Hogue, Executive Director, and Emery Borsodi, General Manager, Regulatory Proceedings - SBC, and Jim Young, General Attorney and Assistant General Counsel, and Michael Sasser, Senior Counsel, for SBC West. Written materials (attached to the notice) were used. SBC representatives stated that the final audit report relied heavily on accounting assumptions that directly contradict the Commission decisions. SBC explained that the ALJ's proposed decision (PD) has serious financial implication. SBC stated that the PD unjustly produces nearly one-half billing dollars in refunds, inappropriately goes far beyond determining SBC's compliance with existing rules and regulations, and adopts new rules. SBC asserted that the PD erroneously concluded that SBC should have written-off its PBOP regulatory asset below-the-line and that, as Cmmr. Kennedy's alternate determines, the write-off was properly above-the-line. SBC argued that the PD's analysis of the write-off is wrong.
